WEINBERG NAMED MARITIME PERSON OF THE YEAR

Each year, the Propeller Club of Port Canaveral awards its Maritime Person of the Year honor to an individual who has demonstrated leadership, dedication and commitment to the maritime industry. At the October meeting of the Port Board of Commissioners, Propeller Club President Rich Grimison, with the assistance of 1st Vice-President Jim Dubea and 2nd Vice-President Cheryl Lindsey, presented the 2014 honor to Port Commission Chairman Thomas Weinberg.

Weinberg was chosen in recognition of his leadership of the Commission, especially in reference to the economic growth and opportunities the Port is building and the Charter review process that resulted in recognition of legacy industries such as commercial fishing and changes to the Port Code of Ethics.

"This is quite an honor," responded Weinberg. "This Commission has worked together as a team and this recognition really is for all five of us."
